CRIMINAL JUSTICE ACADEMY

All Advanced Training registration is accepted only through the ACADIS Portal. Registration will open 180 days before the class start date. Only the agency's Training Officer and/or assigned designee will be allowed to register candidates into classes. Registration will close 45 days prior to the start date of each class. Please review the pre-requisites for each class and additional information by clicking on the class name in blue prior to enrolling your candidate. If your candidate does not meet the prerequisites, they will be cancelled from the registration. To view the status of your officer's registration, go to the "Registration" Tab in ACADIS, scroll down the page to "Registrations for Upcoming Training Events", and check the status. If the status is "Enrolled", that is your confirmation your candidate is enrolled in the class. "Registered (Pending)" status means that you have registered your candidate for the class, but they have not been enrolled. The waitlist is for the current class only. You cannot place a candidate on a waitlist for a future class that has not opened for registration. Classes are filled with 1 person per agency, and then if there is room available, more will be added. *** When registering a candidate for a class, before clicking the "Submit" button, it is important to put the Training Officers email address in the contact email address field. This will enable the Training Officer/designee to receive a confirmation via email when the candidate is moved from Registered (Pending) status to Enrolled. If the email address is not entered, you will not receive a confirmation.

Course Description:
The Speed Measuring Device Operator Training Program is designed to improve speed enforcement programs and enable agencies to better allocate their resources. This course is specifically designed to provide officers with the knowledge and skills necessary to properly operate radar and lidar speed measuring devices. Upon successful completion of the written test, the student will be required to practice on the Radar and Lidar Speed Measurement Devices for a period of at least two weeks. The student will then be required to submit to a Radar and Lidar road proficiency test, which must be completed and submitted by the last day of the sixth week after the written test. The radar portion of the proficiency should consist of all modes of operation in which the officer will conduct speed measurement. At a minimum, the student must be tested on a front antenna radar unit utilizing both stationary and moving (opposite direction) speed measurements. A Lidar proficiency is required as well. The student must be accurate within and average of +/- 3 MPH in all attempted modes of SMD Operation. Upon successful completion of all course requirements, the student will be certified to operate Police Traffic Speed Measuring Devices.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT'S DEPARTMENT IS RESPONSIBLE FOR LODGING AND MEALS.

Who should attend:

DUI/SFST &	September 5 – 9, 2016	CJA 15
Specific Skills Instructor	November 7 – 11, 2016	CJA 15
(40.00 CLEE Credit Hours)	January 9 – 13, 2017	CJA 15
Class Fee: $70	February 20 – 24, 2017	CJA 15
	April 24 – 28, 2017	CJA 15
	May 15 – 19, 2017	CJA 15

Course Description:
This course will take the NHTSA certified Standardized Field Sobriety Test practitioner beyond their current level and build upon knowledge which was presented in the practitioner course. The course will teach the officer how to present the DUI Detection and Standardized Filed Sobriety Testing course approved by the National Highway Traffic Safety Administration and the South Carolina Criminal Justice Academy. Upon successful completion of the course, a complete set of lesson plans, student manuals; video and instructional aides will be given to the student.

LODGING IS AVAILABLE FOR THIS CLASS

Who should attend:
Active SFST Practitioners with experience in DUI Detection and the application of SFST's.

Prerequisites:
The candidate must be a certified SFST practitioner who has been certified for one (1) year.

COURSE	DATES	LOCATION/SEATS
DUI/SFST Instructor Recertification	July 1, 2016 – June 30, 2017	Online/Unlimited
(3.00 CLEE Credit Hours)		

Course Description:
The DUI/SFST Instructor Recertification Course is intended for officers who are currently DUI/SFST Instructor certified and whose certification expires in 2016. In order for an officer to recertify as a DUI/SFST Instructor they must successfully observe and sign off on TWO (2) DUI/SFST Practitioner proficiencies in the two year period of their certification. DUI/SFST Instructors are NOT required to take the online DUI/SFST Recertification course. If a DUI/SFST Instructor takes the online SFST Recertification course then they must perform a SFST proficiency and properly submit it to the Traffic Safety Unit. If a DUI/SFST Instructor takes the online SFST Recertification course and fails to acquire a passing grade of 80% or higher the officer loses both the DUI/SFST Practitioner certification as well as the DUI/SFST Instructor certification.

NOTE: YOU MAY NOT OBTAIN OR HOLD AN SFST INSTRUCTOR CERTIFICATION UNLESS YOU ARE A CURRENTLY EMPLOYED CLASS 1 LAW ENFORCEMENT OFFICER OR ACTIVE DUTY MILITARY POLICE OFFICERS ARE ELIGIBLE TO HOLD THIS CERTIFICATION. RESERVE OFFICERS, CLASS 2 AND CLASS 3 OFFICERS ARE NOT PERMITTED TO HOLD THIS CERTIFICATION.

Who should attend:
Officers who hold an active and current DUI/SFST Instructor certification which expires in 2016.

Prerequisites:
Certified, full time Class 1 Law Enforcement Officers, active duty military police officers (base security) who are currently DUI/SFST Instructor certified.

Traffic Collision Investigation - At Scene – Phase I	July 11 – 22, 2016	Surfside Beach
(80.00 CLEE Credit Hours)	September 12 – 23, 2016	CJA 25
Class Fee: $140	January 16 – 27, 2017	CJA 25
	March 20 – 31, 2017	Greer PD

Course Description:
This is the first course in the collision investigation series. This course is designed for police officers who collect and record data at the scenes of motor vehicle collisions. In this course the student will learn how to identify and preserve physical evidence from the traffic way and evidence from the vehicle, how to properly measure and complete a scale diagram, and how to calculate speed estimates from evidence located at the collision scene.

LODGING IS AVAILABLE FOR THIS CLASS

Who should attend:
Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:
Certified full time Class 1 law enforcement officers

Officer is Responsible for bringing own Special Equipment:
Scientific Calculator, Mechanical Pencil, Scratch Paper, Plastic Eraser, Protractor, 360 Degree Counter-Clockwise Drawing Compass, Blue Blitz, and Colored Pencils.

Traffic Collision Investigation - Technical – Phase II	August 22 – September 2, 2016	CJA 25
(80.00 CLEE Credit Hours)	February 6 – 17, 2017	CJA 25
Class Fee: $140	May 22 – June 2, 2017	CJA 25

Course Description:
This is the second course in the collision investigation series. In this course the student will learn how to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn to use vector diagramming in their investigations. The student must have successfully completed the At Scene Collision Investigation course as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS

Who should attend:
Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:
At-Scene Collision Investigation

Traffic Collision Investigation - Reconstruction – Phase III (80.00 CLEE Credit Hours) Class Fee: $140	October 3 – 14, 2016 April 10 – 21, 2017	CJA 25 CJA 25

Course Description:
This is the third course in the collision investigation series. This course expands upon knowledge learned in Technical Collision Investigation. Through the use of projects, case studies, and live testing the student will learn more in depth methods to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn how to write a collision reconstruction report and prepare for trial as a collision reconstructionist. The student must have successfully completed the Technical Collision Investigation course as a pre-requisite.

Motorcycle Collision Reconstruction (40.00 CLEE Credit Hours) Class Fee: $70	August 1 – 5, 2016 May 1 – 5, 2017	CJA 25 CJA 25

Course Description:
This course is designed to train collision reconstructionist to reconstruct motorcycle collisions. In this course the student will learn how to calculate speeds of motorcycles involved in collisions using airborne, motorcycle, kinetic energy, and time and distance equations. The student must have successfully completed all three (3) collision reconstruction investigation courses as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS

Who should attend:
Class 1 Officers who have successfully completed the all three (3) phases of collision investigation classes.

Prerequisites:
The student must have successfully completed all three (3) collision reconstruction investigation courses as a pre-requisite.

Ped/Bike Collision Reconstruction (40.00 CLEE Credit Hours) Class Fee: $70	October 24 – 28, 2016	CJA 25
	February 27 – March 3, 2017	CJA 25

Course Description:
This course is designed to train collision Reconstructionist to reconstruct pedestrian and bicycle collisions. In this course the student will learn how to calculate speeds in pedestrian and bicycle collisions using a multi-disciplinary approach. This course includes airborne, Searle, Eubanks, kinetic energy, and time and distance equations to name a few of the many involved in solving these cases. The student must have successfully completed all three (3) collision reconstruction investigation courses as a pre-requisite.

Drug Recognition Expert Pre-School (16.00 CLEE Credit Hours) Class Fee: $20	August 29 – 30, 2016 September 19 – 20, 2016	CJA CJA

Course Description:
This course is designed for law enforcement officers who have the desire to be selected to serve as Drug Recognition Experts. This class will serve as a selection process to fill the DRE School in October and March. Upon successful completion of this course, the student will be able to define the term "drug" and the seven major drug categories, identify the twelve major components of the drug recognition process, administer and interpret the psychophysical tests used in the process, conduct the eye examinations used in the process, list the major signs and symptoms associated with each drug category, and describe the history and physiology of alcohol as a drug. Students are not guaranteed a seat in the DRE School. You must successfully complete this class to apply for DRE School.

Drug Recognition Expert School (56.00 CLEE Credit Hours) Class Fee: $105	October 24 – November 2, 2016 March 20 – 29, 2017	CJA CJA

Course Description:
This course is designed for law enforcement officers who have a very definite commitment to DUI and drug enforcement. In addition, the officer's agency must be committed to impaired driving enforcement. After successfully completing this course, the student will be able to describe the involvement of drugs in impaired driving incidents, name the seven categories of drugs and recognize their effects, describe and properly administer the psychophysical and physiologic evaluations used in the drug evaluation and classification procedures, document the results of the drug evaluation and classification examination, properly interpret the results of the examination, prepare a narrative drug influence report, discuss appropriate procedures for testifying in typical drug evaluation and classification cases, and maintain an up to date relevant resume. In addition the student must also successfully complete field certifications and a comprehensive final knowledge exam with a minimum passing score of 80%.

Traffic Safety Officer Conference	TBD	

Course Description:
The Traffic Safety Officer Conference is for officers to receive additional training in traffic safety topics. The training will reinforce the knowledge and skills taught during the traffic safety courses. Officers that earn their Traffic Safety Officer Certification and Traffic Safety Instructor Certification will be awarded their certifications during the conference.

Who should attend:
Officers who have received their TSO and TSI certifications and officers who are interested in learning more about traffic safety.

Prerequisites:
Any Class 1 Certified Officer may attend. Officers do not have be TSO or TSI certified; TSO Certification requires the successful completion of DataMaster DMT, DUI Detection/SFST, Speed Measurement Device Operator, Traffic Collision Investigation -At Scene – Phase I, Traffic Collision Investigation -Technical – Phase II, Traffic Collision Investigation - Reconstruction – Phase III; TSI Certification requires successful completion of the TSO certification and Speed Measuring Device Instructor, DUI Detection/SFST Instructor, Basic Instructor Development, and two (2) of the following courses Motorcycle Collision Reconstruction, Ped/Bike Collision Reconstruction and Commercial Motor Vehicle Collision Reconstruction.

This schedule reflects Academy-sponsored training only and is not inclusive of other state or law enforcement agency in-service, special training, meetings, or conferences.
