

Revised 6/21/2016

HOW TO SEARCH FOR ACADIS LMS COURSES:

You can browse the list of available training in the main list or refine your search by choosing to sort the courses **“BY PROGRAMS”** or **“BY LOCATION”**.

The easiest and quickest way to sort is by using the **“BY LOCATION”** option and choosing **“ONLINE”**, be sure not to have any other fields checked.

If you search **“BY PROGRAMS”**, be sure to only check which programs you are looking for.

All are self-explanatory except for **“STUDIO”**. Courses that fall under the **“STUDIO”** are programs produced by the Academy, but do not fall under the other program categories. (ie: Use of Force Update 2016, Meth & Drug Endangered Children, De-Escalation: Surviving Verbal Conflict, etc.)
